Corporate Secretaryship involves advanced study of the concepts and processes of corporate governance, with particular focus on the areas of secretarial practices and company laws. It imparts corporate secretarial skills and prepares students for job responsibilities such as corporate management, investment management, legal formalities and economic legislations. It also trains students to be competent and versatile Company Secretaries. The demand for trained company secretaries is enormous. There is tremendous growth opportunity in this profession along with excellent remuneration. Moreover, Companies and Industries are being established

every year, giving ample scope for employability and proper placement in various sectors like Banking, Accounting, and Finance etc.

The Chief Guest Mr.V.MAHADEVAN, delivers the speech about Career placement of Corporate secretaryship. He also stated the course details about Corporate secretaryship and the various job opportunities such as Assistant Financial Analyst, Junior Tax Consultant, Auditor, Investment Banker etc., available in the market. The students eagerly participated in the programme and gathered more information regarding Corporate Secretaryship.

A natural part of life is the desire for progress. Progress is the onward or forward movement towards a goal or destination, all of which sounds simple, but can sometimes be complicated to achieve. The progress has a direct correlation to the habits we create. The ability to create consistent positive habits leads to massive

action and in turn leads to progress and ultimately results good. The Chief Guest Ms. Ulagammal., M.Com., M.Phil., M.Sc., Counselling & Psychotherapy" delivered a speech on the topic "Progress in Life". The guest gave some important tricks to follow in both personal and

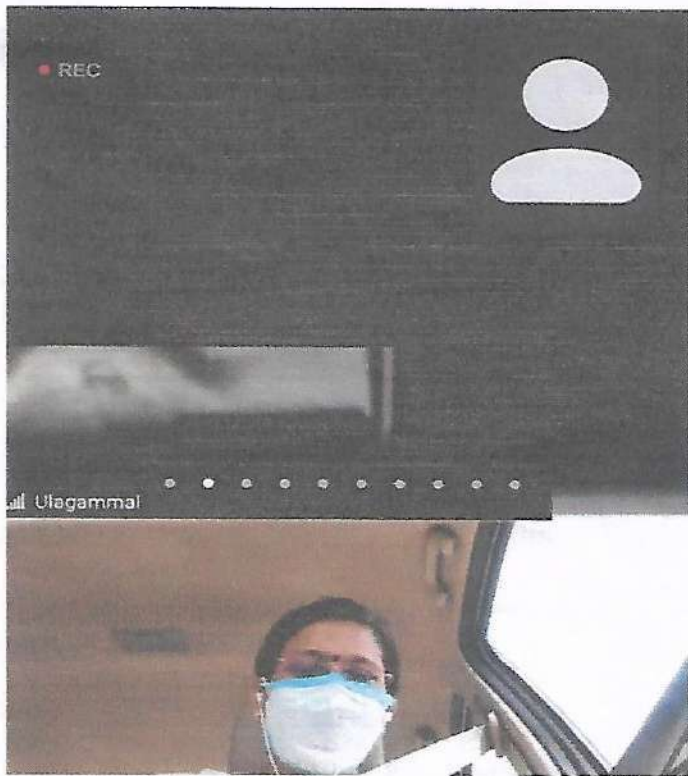

Professional life: Break down big tasks and track subtasks, track the time, energy, progress, practice gratitude, visualization and find accountability. The topic is very interesting and the students actively participated in the programme.

DURING THE VISIT

In Seyad Cotton Mills Ltd, students were received warmly. Students were divided into two groups. They were taken into the cotton mills. Production manager showed each and every plant in the cotton mill to the students. He explained the technology and process of each plant. He gave all the details regarding procurement of raw cotton and showed how raw cotton is processed to remove dust and how the waste materials collected in the above process is disposed through machinery, which is used for making floor mat.

PROCESS I: PREPARATORY

A) Processing of raw cotton to remove waste & seed:

After the removal of wastes and seed, the processed cotton goes to next process, which is to make the cotton in even thickness.

B) Disposing the waste

C) Processing the cotton to achieve uniform thickness

PROCESS II: SPINNING

After the cotton reached uniform thickness, then the next process would be spinning.

At the end of process II, cotton is converted into yarn.

PROCESS III: YAWN CONDITIONING

In this final process, the yarn is processed to reach desired thickness. And then, yarn is boiled in a big plant in order to increase its strength and longevity.

Finally, the yarn is packed and ready for dispatch. Students were taken to quality control check room, where the quality of the different kinds of yarn manufactured by the unit is determined.

BENEFITS OF THE VISIT:

- Students got firsthand experience on how a raw material is converted in to a finished product.
- Students have gained knowledge about different types of plant and machinery available for processing raw cotton.
- As commerce students, they got a chance to encounter the management of man power and machinery.
- They know about various processes involved in processing raw cotton, disposing waste and about spinning the cotton.
- After that, production manager of the unit clarified doubts raised by the students. Students were ready with several questions as they have were learnt about the Production cost in a Factory theoretically equipped with production unit. The production manager discussed about cost of production, labor cost, overhead costs and turnover regarding the unit.
- Overall, this visit helped the students in understanding a production unit and the difficulties faced by them along with possible solutions.

CONCLUSION:

Industrial visit is a vital part of the curriculum. It helps to bridge the gap between the class room and real working world. Students were delighted to visit cotton mill. This industrial visit opens the door for real industrial exposure and working environment. Finally, the visit ended with wonderful memories to cherish.

Organization : ANNAI HAJIRA WOMEN'S COLLEGE, TIRUNELVELI - 5.

OUTCOME OF THE ACTIVITY:

Earth Day was celebrated by IIC in association with the Department of Commerce on 22.04.2022. Mrs.N.Abirami Kaniyamuthu, Assistant Professor, Department of Commerce insisted purpose of celebrating the Earth Day. Earth is the only planet in the solar system where life exists. Earth provides Food, Shelter, Protection and other necessary resources to all the Human Beings in the Earth. She also explained about the sustainable life style of our ancestors and how they preserved Earth and conserved the resources. When we talk about today's generation, she felt bad as they were wasting resources and not taking steps to preserve Earth which in turn will lead to disaster. And she also made the students to take a resolution to discard plastic in any form, to plant more trees, Ride bicycle instead of riding bikes & car and save water. It is a reminder to protect the environment, restore damaged ECO systems and to live a more sustainable life.

Name of the event : World Earth Day Celebration 2022

Date of the event : 22, April 2022

Time : 11 a.m.

Organized by : Department of Commerce

Participants : Faculties & Students of B.Com - BATCH I

World Earth Day is an annual event celebrated on April 22 to demonstrate about Environment protection. It was first held on April 20, 1970, now includes a wide range of events to co-ordinate globally by Earth Day organization including 1 billion people in more than 193 countries. The theme for 2022 is "Invest in our Planet" is calling for business to shift towards sustainable practices. With this view, the Department of Commerce, celebrated the Earth Day on 22nd April 2022. Mrs.V. Nagajothi, Assistant Professor, Department of Commerce- Batch I gave awareness about the celebration of World Earth Day. In her speech she pin pointed the six ways to celebrate Earth day which was suggested by senator "Gaylord Nelson" the father of World Earth Day. The six ways include be car free, make a bird feed or house, creating recycling bins, make positive premises, grow something and spread love to nature. She quoted Earth Day is also known as the International Mother Day to spread awareness about issues including rampant increase in pollution, global warming and deforestation which harm the environment and result in the destructive of the planet.

She insisted that it is our responsibility to plant one tree for one person every year and we will have a much greener and happier planet to live on. She also added by saying that the beauty of the Earth lies in its simplicity and natural look. She motivated the students to take pledge "Go green and make our Earth a beautiful place to live" to conserve natural resources and protect it from degradation. Finally she expressed progress is impossible without change and those who cannot change their minds cannot change anything. Earth is a perfect planet, save a planet. Every day is an Earth Day and every day is ray of hope.

ORIENTATION - 2022

Event Summary:

- Name of the Event : How to Become a Successful Entrepreneur
- Date & Time of the Event : 26.04.2022 @ 12.00 P. M.
- Participants : All students of Computer Science and Commerce
- Organized By : Department of Computer Science & Commerce
- Venue : Annai Hajira Women's College

The Department of Computer Science and Department of Commerce jointly organized a Orientation Program in our college on 26th April 2022 @ 12.00 P. M. in the auditorium, Annai Hajira Women's College, Melapalayam, Tirunelveli on the topic "How to Become a Successful Entrepreneur". Resource person Mr. K. Santosh Kumar M. Com, Social Media Analyst, Accent Techno Soft delivered a speech regarding the recent opportunities and also defined the characteristics to become an entrepreneur in an interactive manner.

Building an entrepreneurial orientation can be valuable to organizations and individuals alike in identifying and seizing new opportunities. Entrepreneurial orientation consists of five dimensions: autonomy, competitive aggressiveness, innovativeness, proactiveness, and risk taking. The 'Five Cs of Entrepreneurship' - credibility, clarity, conviction, capital and concentration in execution.

A central component of entrepreneurship and strategy is entrepreneurial orientation (EO). It reflects managerial vision and informs the organizational efforts

required to produce innovations that create value for customers and businesses that serve them. One of the most important traits of entrepreneurs is self-motivation. When you want to succeed, you need to be able to push yourself. You aren't answerable to anyone else as an entrepreneur, and that sometimes means that it's hard to get moving without anyone to make you.

The program was conducted in an interactive manner. The active participation of students showed that they gained more adequate knowledge from the chief guest. The Internship certificates were handed over to the respective heads of the departments with the Internship Coordinator Dr. R. Rosy Jeba Mary, Assistant Professor, and Department of Commerce Batch II.

Outcome of the Visit: To provide an opportunity to learn practically through interaction, working methods and employment practices

The Department of Commerce (Batch I) organized an Industrial visit for III-year students to Fathimuthu Amma Cotton Mills Private Limited, Nanguneri on 27th April 2022. 50 Students from III B.com Batch I were accompanied by two faculties Mrs.P.Parvathy and Mrs.V.Nagajothi

COMPANY PROFILE

Fathimuthu Amma Mills Limited is an unlisted Public Company incorporated on 5th January, 1989. It is classified as a Public Limited Company and is located in

Tamil Nadu. Its authorized share capital is INR 15.00 crores and the total paid-up capital is

INR 9.97 crores. The Company belongs to well reputed industry group of the Tirunelveli District known as "Syed Group of Companies". The Company is well managed by a team of seven Directors under the leadership of Haji.T.E.S.Fathu Rabbani, the Chairman of the company.

Description: The company is engaged in manufacturing and selling of cotton yarn.

Products & Services: 10s to 40s Combed Auto Coned hosiery yarn, 2/10s,2/20s, 2/40s Combed Elite Twist Yarn.

Category: Manufacturer, Exporter

DURING THE VISIT

The students and faculties were received warmly by the Manager and all Staff of Fathimuthu Amma Cotton Mills. The students were divided into two groups. They were well informed about the safety measures to be followed during their visit. At first, The Production Manager gave a description about entire process in an understandable way. The students were taken to each and every plant with the help of the Staff of the mill. He clearly explained each and every process by point out the name of the machine, technology used, different stages, power consumption, human resources needed etc.

STAGES IN PRODUCTION (Cotton to Yarn)

STAGE I – VISIT TO BLOW ROOM

The raw cotton was received by the Company from various states of Maharashtra, Andhra Pradesh, Gujarat and Coimbatore in Tamil Nadu. The raw cotton was received in bundle named as Kendy. The weight of the bundle is 356 Kilo. In the first stage, raw cotton is finely processed by the machine 'Slavour' to remove the seeds and dust.

Stage II Carding/Pre-drawing

In the second stage, Carding cracks up the lock's clumps found in the cotton. Aligning Machine is used to strengthen and straighten the cotton and also to remove dust. Waste cotton in this stage is used to produce low quality product and is mainly sold in the market as floor mat. It was done in a separate process.

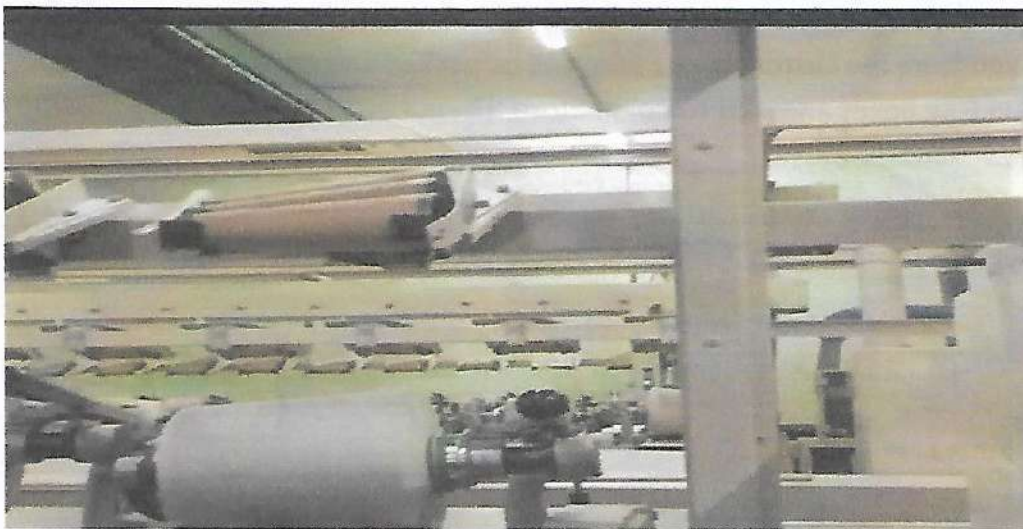

Stage III- Drawing

In this stage, the raw cotton is strengthening and straightens more. The main feature of this Company is adding major proportion of cotton and minimum proportion of Polyester in its products. The cotton mixed with polyester is process and converted into thick yarn.

Stage IV - COMBING

The process of weaving out the cotton fiber. It reduces the hardness of the yarn.

STAGE V- ROVING /SPINNING

In this process, the thick yarn is processed more using roving machines and roving decreases the density of the yarn and auto corner is used to convert into thin and pure yarn. Grey, Blue, Pink and Yellow colour dyes are used to get yarn in different colours.

STAGE VI- CONE WINDING

Winding is the process of creating large yarn packages called cone from a small yarn package.

STAGE VII – PACKING

The quality of the product is checked in the Quality Control room. According to the order received from the customer, the yarn will be packed and dispatched. The yarns are packed in 6 kg boxes and sent to Coimbatore, Tirupur in Tamil Nādu

OTHER DETAILS

There are in and around 600 employees working in Fathimuthu Amma Mill. Employees include both men and women, people from local area, from neighboring areas and also from North India.
