<b>Name of the event</b>	<b>: ORIENTATION PROGRAM ON CMA</b>
<b>Date of the event</b>	<b>: 26.09.2022</b>
<b>Time</b>	<b>: 11.30 a.m. – 1.00 p.m.</b>
<b>Resource Person</b>	<b>: CMA. Mr.S.SUNDARAM,M.Com.,B.Ed., ICWAI., Academic Counsellor Sri MangaiVidyasharam, Palayamkottai</b>
<b>Participants</b>	<b>: Faculties &amp; I year students of B.Com (Batch I &amp; Batch II)</b>

Today's competitive environment has made it difficult for students to acquire a high-paying job with only a B.Com degree. For a successful career in finance and accounting, students need to take additional professional courses like CA, CMA and ACS. Cost Accountants are in great demand in government sector, private sector, banking & finance sector as well as in service and public utility sector. 'Human rights' refer to basic rights or freedoms that include people's right to live, health, and education, freedom of speech and thoughts and equal rights. International Human Rights Day commemorates the adoption of the Universal Declaration of Human Rights (UDHR) by the United Nations General Assembly on December 10, 1948. This day is observed to promote equality, peace, justice, freedom and the protection of human dignity. Every individual is entitled to rights irrespective of race, colour, religion, sex, language, or social status. Educating our youth about human rights is important because many of us take them for granted every single day. Having knowledge of these rights and these laws that protect us all will give students the skills they need to defend them or apply them in their own daily lives. It will also help them understand how they should be treated as well as how they should treat others. With this view, the Internal Quality Assurance Cell and Department of Commerce jointly

organized a special lecture on International Human Rights Day on 10<sup>th</sup> December 2022 through google meet.

The event started with Qirat by Ms.Mohudoom Meera Nachi of III B.Com Batch I. Ms.S. Alsemi of III B.Com Batch II welcomed everyone participated in the event. Dr.A.Jayashree, Head & Assistant Professor, Department of Commerce (Batch II) delivered a special lecture on International Human Rights day. She explained the meaning, importance of human rights and also quoted some important human rights and its features. She also spoke on the reasons for celebrating the Human Rights day.

She demonstrated about the redressal mechanisms for settlement of human rights issues. She also mentioned that the theme of International Human Rights Day 2022 is 'Dignity, Freedom and Justice for all'. Her talk about human rights ignite the young minds with the awareness about human rights and improvement in the physical, social, cultural and spiritual well being. At the end, Ms.A.Sumaiya Fathima of III B.Com Batch I delivered Vote of thanks. In order to make the students more aware about human rights, they were asked to send their creative pencil drawings about Human Rights and Human Rights Day.

### DETAILS OF JOURNEY

Department of Commerce organized an industrial visit on 3<sup>rd</sup> March 2023 to V.V.V & SONS, which is in Villipathri Village at Virudhunagar District for the students of III B Com (Batch II).

### COMPANY PROFILE

Mr. V.V.V. Rajendran, son of Mr. V.V.Vanniaperumal was the founder of the Idhayam Group in the year 1986. Hands with an experience of more than 43 years launched sesame oil in a new consumer packing in the brand name 'Idhayam Sesame Oil'. 'Idhayam', the name gets its origin from 'Hriday' a Sanskrit word, which means 'heart'. Idhayam sesame oil is a natural cooking Oil. It does not affect the heart, hence the name Idhayam.

Idhayam edible oil reduces blood cholesterol. Today just the word 'Idhayam', has almost become synonymous with Sesame Oil. The Group was built with the main object of 'Growth with Truth and Hard Work'. 'Committed Quality' was their key to success. Within a short span of its launch 'Idhayam' entered millions of homes and also into the hearts of its occupants. After the demise of the founder of Idhayam Mr. V.V.V. Rajendran in 1994 the business onus fell on Muthu and his able and efficient brothers Sathyam and Thendral. They collectively took charge of reins of the Group following the same principles of Mr. V.V.V. Rajendran.

Quality sesame seeds are not available throughout the year. Hence good quality sesame seeds carefully sourced from different states during different seasons in India and are pre-cleaned through a special three tier sophisticated cleaning system. Idhayam sesame oil does not froth while heating, a proof for its purity so it can be used even for deep frying. They also have a modern auto packing system.

Palm jaggery which has the properties of preservative is used in the production of Idhayam sesame oil. Palm jaggery when added gives out a flavour making Idhayam sesame oil an excellent cooking medium. Absence of bitter taste in Idhayam sesame oil makes it the most preferable cooking oil. The pickle makers first preference is Idhayam oil.

Presence of linoleic acid (Essential Fatty Acid) in Idhayam sesame oil tends to make it a controller of cholesterol. Its medicinal properties make it a principal ingredient in the preparation of Ayurvedic drugs. It is also used for body massage. "Child Specialists at the University College of Medical Science (UCMS), Delhi say that sesame oil is the best massage oil for babies. "People will save money by using plain sesame oil instead of those heavily advertised baby massage oils", they said in their report.

#### DURING THE VISIT

In V.V.&SONS, students were received warmly. Students were split into three groups. They were taken into the industry. Mr. Sivam Perumal as the in-charge of the visit and he explained the technology and process of each plant. He gave all the details regarding storage unit, packing section and showed how raw sesame is processed to remove dust. The waste materials collected in the above process is disposed through machinery, which is used for making seed cake.

#### BENEFITS OF THE VISIT:

Students get firsthand experience on how a raw material is converted into a finished product. Students have gained knowledge about different types of plant and machinery available for processing edible oil. As commerce students, they got a chance to encounter the management of manpower and machinery. They know about various processes involved in processing raw cotton, disposing waste.

After that, production manager of the unit clarified doubts raised by the students. Students were ready with several questions as they were familiar with production unit and costs. The production manager discussed about cost of production, labor cost, overhead costs, and turnover regarding the unit.

#### CONCLUSION:

Industrial visit is a vital part of the curriculum. It helps to bridge the gap between the classroom and real working world. Students were delighted to visit industry. This industrial visit opens the door for real industrial exposure and working environment. Finally, the visit ended with wonderful memories to cherish.
