## National Service Scheme, Unit No-169 PLASTIC AND CLEANING AWARENESS RALLY

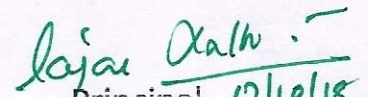

Date:17.09.2018

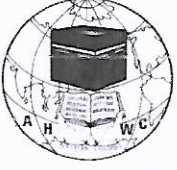

Under the banner of the SWACHH BHARAT MISSION (URBAN), the National Service Scheme (NSS) unit of our college conducted a distinctive outreach initiative known as the "Awareness Rally." This event took place in the B.D Colony of Karungulam on September 17<sup>th</sup> 2018. The focal point of the rally was to foster consciousness about cleanliness among the masses. Notable attendees included Dr. Sathish Kumar, the District Welfare Officer, and Mrs.Kavitha, the Deputy Commissioner of Melapalayam, along with other municipal staff members from Melapalayam. The event encompassed efforts to shed light on the significance of maintaining cleanliness and an additional facet of the program incorporated raising awareness regarding the proper disposal of plastic waste.

Health, Hygiene and Nutrition Awareness programme

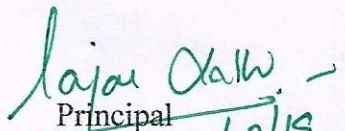

DATE: 10.07.2019

On July 10, 2019, the National Service Scheme (NSS) conducted a "Health, Hygiene and Nutrition Awareness Program." During this initiative, NSS volunteers visited the Munneerpallam Anganwadi centre. Their primary focus was to educate the attendees, particularly the Anganwadi workers and children, about essential practices. These practices included proper hand hygiene techniques, nail care, and the significance of maintaining cleanliness. Furthermore, the volunteers offered guidance and counseling on the subject of nutrition, emphasizing the importance of cultivating healthy eating habits.

## ENTREPRENEURIAL SKILL DEVELOPMENT OF ART AND CRAFT - WORKSHOP

### Summary of the event

<b>Name of the event</b>	<b>: COMMERCE STUDENTS ASSOCIATION MEET - 2019-2020</b>
<b>Title of the Event</b>	<b>: Workshop (Art &amp; Craft)</b>
<b>Date of the event</b>	<b>: 26, February, 2020</b>
<b>Time</b>	<b>: 10 A.M</b>
<b>Participants</b>	<b>: B. Com (BATCH II) Students</b>
<b>Resource Person</b>	<b>: Ms. A. R. UMA MAHESWARI</b>

Department of Commerce (Batch II) arranged a workshop on February 26, 2020, for the students to improve their entrepreneurial skills. Art and craft are essential forms of creative expression that can inspire and engage individuals of all ages. So, our department arranged this workshop to address this. We invited a resource person from Lotus Art Creation, founder Ms. A. R. Uma Maheswari. She demonstrated making ornaments, Zardosi work, embroidery, and glass paintings. This program empowered students in areas related to enhanced creativity, stress relief, skill development, improved focus, and community building. The art and craft workshop held at our college successfully highlighted the importance of incorporating creativity into the academic environment. Such events not only allow students to explore their artistic potential but also promote relaxation and community building. Encouraging creativity in college enriches the overall educational experience and prepares students for a well-rounded future. The students enthusiastically participated, practiced, and benefited.

Educate participants about the impact of their actions on the environment and the importance of adopting sustainable practices. Empower participants with knowledge and skills to make environmentally conscious choices in their daily lives. Encourage participants to become advocates for environmental conservation within their communities. At end of the event a resolution was taken by the students. They pledged to conserve our Earth Resources.

To unlock the panic of Covid-19, Department of Physics conducted online quiz utilizing e-resources available. We conducted an online quiz entitled "Explore Earth" for three days from 01.06.2020 to 03.06.2020. It was called for participation of students from various colleges in and around Tirunelveli.

It was announced that E-certificate will be given to participants who will secure 40% of marks each day. Based on the criterion, about 300 participants who actively participated in the quiz were given E-certificate.

The Physics association meeting 'ATTRACT 2020' was inaugurated on 5<sup>th</sup> November 2020 through online mode in google platform. Principal Dr. K. Rajab Fathima, presided the programme. This was followed by welcome address delivered by Dr.N.Ammakutti@Sridevi, Assistant Professor, Department of Physics. Mrs.A.Aysha Nilobar, Assistant Professor, Head of the Department of Physics, introduced the chief guest. The resource person, Mrs. B.P. Usha, Associate Professor, Department of Physics, Sri Paramakalyani College, delivered a lecture in the special webinar on 'Physics in Pandemic time'. Students and staff members of Department of Physics participated in the webinar.

The webinar started by introducing environmental segments present in the earth and the difference between good zone and bad zone among various layers of earth. She has mentioned the environmental impacts of Covid-19 in both positive and negative aspects. The students as well as the staff members enriched their knowledge about physics behind this pandemic time through her valuable webinar and interesting video references.

Ms. S. Virgin Brindha, Assistant Professor, Department of Physics has delivered the vote of thanks. The online webinar was successfully concluded with the National Anthem.

Earth Day is an annual event held on 22 April to demonstrate support for environmental protection. A month later a United States Senator Gaylord Nelson proposed the idea to hold a nationwide environmental teach-in on 22 April 1970.

Earth Day, annual celebration honoring the achievements of the environmental movement and raising awareness of the importance of long-term ecological sustainability.

The United Nations General Assembly proclaimed 22 April as International Mother Earth Day through a resolution adopted in 2019. The day recognizes the Earth and its ecosystems as humanity's common home and the need to protect her to enhance people's livelihoods, counteract climate change, and stop the collapse of biodiversity. The theme for 2021 is *Restore our Earth*.

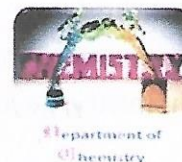

It is important to celebrate Earth Day in colleges because the first thing students need to understand is that we only have one Earth and it's our job to make sure it stays clean and healthy.

World Environment Day is observed every year globally on 5<sup>th</sup> June to mark the importance of nature and the environment. It also gives out a message to the global population that nature should not be taken for granted at any cost. In the present situation, we are facing threats for our survival and livelihood due to COVID-19 pandemic and the related fungal infections. Following some basic principles can help all human beings, especially students and staff safe at schools and colleges and help to stop the spread of this disease.

In order to create awareness among our college students in this regard, Department of Chemistry, Annai Hajira Women's College, Melapalayam, successfully organized a Seminar on “COVID-19 and Black Fungus in the view of Environment” by Dr.S. Sudhakar on 05.06.2021 through online mode due to COVID-19 pandemic.

## DEPARTMENT OF COMMERCE (BATCH-I)

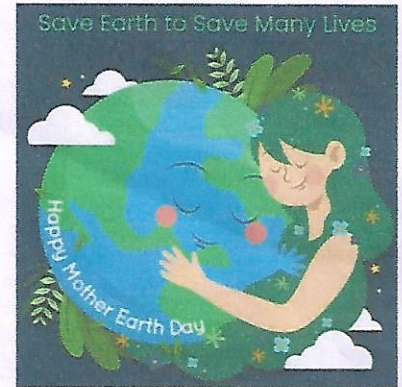

Name of the event : World Earth Day Celebration 2022

Date of the event : 22, April 2022

Time : 11 a.m.

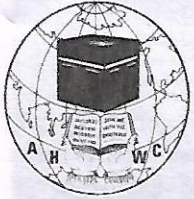

Organized by : Department of Commerce

Participants : Faculties & Students of B.Com - BATCH I

World Earth Day is an annual event celebrated on April 22 to demonstrate about Environment protection. It was first held on April 20, 1970, now includes a wide range of events to co-ordinate globally by Earth Day organization including 1 billion people in more than 193 countries. The theme for 2022 is "Invest in our Planet" is calling for business to shift towards sustainable practices. With this view, the Department of Commerce, celebrated the Earth Day on 22<sup>nd</sup> April 2022. Mrs.V. Nagajothi, Assistant Professor, Department of Commerce- Batch I gave awareness about the celebration of World Earth Day. In her speech she pin pointed the six ways to celebrate Earth day which was suggested by senator "Gaylord Nelson" the father of World Earth Day. The six ways include be car free, make a bird feed or house, creating recycling bins, make positive premises, grow something and spread love to nature. She quoted Earth Day is also known as the International Mother Day to spread awareness about issues including rampant increase in pollution, global warming and deforestation which harm the environment and result in the destructive of the planet.

She insisted that it is our responsibility to plant one tree for one person every year and we will have a much greener and happier planet to live on. She also added by saying that the beauty of the Earth lies in its simplicity and natural look. She motivated the students to take pledge "Go green and make our Earth a beautiful place to live" to conserve natural resources and protect it from degradation. Finally she expressed progress is impossible without change and those who cannot change their minds cannot change anything. Earth is a perfect planet, save a planet. Every day is an Earth Day and every day is ray of hope.

World Earth Day  
22 April

Earth Day was celebrated by Commerce Department on 22.04.2022. It is a day which reminds us to protect the environment, restore damaged ECO systems and to live a more sustainable life.

Earth is the only planet in the solar system where life exists. Earth provides Food, Shelter, Protection and other necessary resources to all the beings in the Earth. Mrs. N.Abirami Kaniyamuthu, Assistant Professor of Commerce, gave some facts about Earth Day. She insisted the purpose of celebrating the Earth Day. And also explained about the sustainable life style of Ancestor's and how they preserved Earth and the resources. But, today's generation, are wasting resources and not taking steps to preserve Earth. This will lead to disaster. And she gave practical tips to preserve Earth like Discarding plastic, Planting of more number trees, Riding bicycle instead of riding bikes & car and to save water.

Finally, she concluded by pleading the students to save the Mother Earth so that future generation can live a safe environment. At last students took a pledge to save Mother Earth.

#### Invest in our Planet

#### Event Summary:

- Name of the event** : World Earth Day 2022
- Date of the event** : 22/04/2022
- Participants** : 1st, 2<sup>nd</sup> and 3rd B.Sc. Chemistry Students

World Earth Day is celebrated on April 22<sup>nd</sup> every year to create awareness about the vital need to protect our planet from pollution. The Earth Day mission is to “diversify, educate and activate the environmental movement worldwide”.

‘World Earth Day 2022’ was celebrated in the Department of Chemistry focusing on the importance of Earth Day through competition, paper presentation and speech. “Invest in our planet”- this year’s theme was hypothetically conveyed by S. Rashika of III B.Sc. Chemistry through Power Point Presentation. M. Akram Wakiya of III B.Sc. Chemistry gave an ideal talk on “How to invest in our planet” by illustrating many examples through which we can invest and protect our Mother Earth. M.Jeya Selvi of III B.Sc. Chemistry also delivered a thought provoking speech on “The importance of Earth Day”.

Competition on “Wealth from waste” was conducted for the students to emphasize the concept of “Recycling and Reusing” the solid wastes in order to safeguard our environment from pollution. Students actively articulated their thoughts and ideas by making useful articles from waste products. Prizes were distributed to the winners and the paper presenters by Dr.S. Sabreen.Muneer, Vice Principal, AHWC on the next day (23.4.2022) during the valediction of Lavoise '21 – the Chemistry Association.

Ozone is a protective layer in the Earth's atmosphere that absorbs most of the ultraviolet radiation that reaches the Earth from the sun. World Ozone Day is celebrated every year globally on September 16 to initiate conversation and spread awareness on the depletion of the Ozone layer. Every year World Ozone Day theme is also announced by the United Nations focusing on the immediate actions that must be taken by the people as well as the governments.

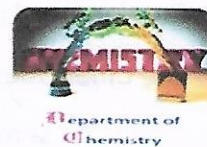

World Ozone Day 2022 is observed on the theme “Global Cooperation to protect Life on Earth” to spread awareness about the ways that are effective in protecting the Ozone layer. In order to highlight and spread awareness among the students about the significance of the Ozone layer for the protection of the Earth, we, the staff and students of Chemistry department celebrated World Ozone Day in our college premises on 16<sup>th</sup> September, 2022.

The Department of Physics organized the valediction of Physics association ATRACT accompanied with the celebration of World Earth Day on 19.04.2023. Earth Day is an annual event on April 22 to reveal the support for environmental protection. Knowing the responsibility of each physicist to preserve nature, since physics is the study of nature, we organize this event every year. The event started with Qirat by Halitha Roshan S from I B.Sc. Physics. Jeena Jasmine T A of I B.Sc. Physics welcomed the gathering. Our students were motivated to take part in various events like elocution, drawing and poem reciting. Raga Priyanka M of II B.Sc. Physics delivered a delightful speech on preserving our planet earth. She quoted the importance of commemorating world earth day every year in our college to carve young minds towards the current scenario of our planet.

Our students Mehar Nisha T from I B.Sc. Physics and Afiya Begum S S from II B.Sc. Physics exposed their talents through their drawings on the theme of this year's "Invest in our Planet". Sameera T S of II B.Sc. Physics recited a Tamil poem on our glorious habitat Earth. Prizes were distributed to all the participants by Mrs. A. Aysha Nilobar Head of the Department. Through this event, our students were once again reminded to ensure the uninterrupted sustainability of our planet Earth. The event was concluded by proposing a vote of thanks by Mohamed Alima of III B.Sc. Physics followed by the National Anthem. The whole ceremony was mastered by Sameera T N of I B.Sc. Physics.

## EARTH DAY 2023

### Event Summary:

Name of the Event : Earth Day

Date of the Event : 03.05.2023

Time of the Event : 11.15 A.M

Participants : All the students of B. Sc Computer Science

Venue : Hall No - 21

Organized By : Department of Computer Science & IQAC, AHWC

Earth day promotes international awareness of environment protection and Earth conservation. Our home planet provides us life and protects us from space. Earth our home planet, is a world unlike any other. The third planet from the sun, Earth is the only place in the known universe confirmed to host life.

Earth day is sometimes called "**International Mother Earth day**", which is the name used for the day by the United Nations. In our college, Earth day has been observed on 3<sup>rd</sup> May 2023 @ 11.15 A.M in Hall No -21, instead of 22<sup>nd</sup> April 2022 as the college remains closed for Ramzan festival. The programme was carried over by Mariam Mirza K of I B. Sc Computer Science, Qirat by Khalida Zia M of III B. Sc Computer Science. Muvaffika Fathima M. H of III B.Sc Computer Science welcomed the gathering.

Mrs. S. Shankari, Assistant Professor, Department of Computer Science confers the session about the history of celebrating earth day, its significance, theme and the importance of celebrating the earth day. She has stated that the first Earth Day was celebrated in 1970, and it has since become a global event observed in over 190 countries. As the largest civic event on the planet, Earth Day traces its roots to the first environmental movement. And this year it is the 53<sup>rd</sup> Anniversary of Earth Day. Over a billion people participate every year on Earth Day as a day of action to change human behavior and induce policy changes. It is now widely recognized as the most widely observed secular observance in the world.

We celebrate mother earth on April 22 each year with 'World Earth Day' which marks the anniversary of the 1970 Modern Environmental Movement. "*The day aims to raise awareness about environmental issues and promote conservation efforts to protect our planet*".

**Ethics & Integrity**

"Ethics" are principles that guide behaviour, while "integrity" suggests that students should carry out ethical principles in their daily lives and activities, rather than espousing an ideal and then doing something contradictory. When students have integrity, they are more likely to make good decisions, treat others with respect, and be successful in life. Without integrity, students can become dishonest or sneaky- even if they don't

'Human rights' refer to basic rights or freedoms that include people's right to live, health, and education, freedom of speech and thoughts and equal rights. International Human Rights Day commemorates the adoption of the Universal Declaration of Human Rights (UDHR) by the United Nations General Assembly on December 10, 1948. This day is observed to promote equality, peace, justice, freedom and the protection of human dignity. Every individual is entitled to rights irrespective of race, colour, religion, sex, language, or social status. Educating our youth about human rights is important because many of us take them for granted every single day. Having knowledge of these rights and these laws that protect us all will give students the skills they need to defend them or apply them in their own daily lives. It will also help them understand how they should be treated as well as how they should treat others. With this view, the Internal Quality Assurance Cell and Department of Commerce jointly organized a special lecture on International Human Rights Day on 10<sup>th</sup> December 2022 through google meet.
