ICT ACADEMY – POWER SEMINAR REPORTS

The Department of Computer Science, in collaboration with the ICT Academy, organized a power seminar on "*Entrepreneurship and Skill Development*" at Annai Hajira Women's College on October 10, 2024, at 11:00 AM. This enlightening virtual session was designed to empower students and aspiring entrepreneurs by equipping them with vital insights and skills needed to succeed in today's competitive landscape. The session was led by Mr. K. Arul, a distinguished expert in Logistics and Supply Chain Management. His vast industry experience and in-depth knowledge offered participants valuable insights into entrepreneurship and the key skills required for success.

The main objectives of the event were to cultivate an entrepreneurial mindset among students, emphasize the significance of skill development in entrepreneurship, share practical experiences and strategies within the logistics and supply chain domain, and promote networking and collaboration among aspiring entrepreneurs. The session also highlighted essential entrepreneurial skills such as leadership, communication, problem-solving, and financial management. Mr. Arul shared inspiring anecdotes from his professional journey, shedding light on the challenges he encountered and the lessons he gained in the logistics industry. He also offered practical advice for managing entrepreneurial ventures, including the importance of adopting technology and maintaining a strong focus on customer satisfaction. The session included a Q & A segment where students engaged with Mr. Arul, seeking advice on starting their own businesses. The feedback collected from participants was overwhelmingly positive, highlighting the clarity of Mr. Arul's presentation and the relevance of the topics discussed. Many students expressed gratitude for the opportunity to learn from an industry expert. 190 students participated and got benefitted.

PROGRAM AGENDA

Name of the event : **ENTREPRENEURSHIP AND SKILL DEVELOPMENT**

Date of the event : 10.10.2024

ICT ACADEMY – POWER SEMINAR REPORTS

29.01.2025

A virtual power seminar titled "*Employability Skills for the Future*" was held on 29th January 2025 from 11:00 AM to 12:00 PM via Google Meet. The session featured Ms. Bindu Chandrashekar, Team Manager at Omega Healthcare, Bengaluru, Karnataka. With her focus areas being Employee Experience and Corporate Engagement, Ms. Bindu shared valuable insights into the evolving demands of the modern workforce. She emphasized the importance of staying adaptable in a rapidly changing job market and highlighted key employability skills that are critical for future success. These included communication, problem-solving, emotional intelligence, critical thinking, and the ability to work collaboratively. Drawing on her corporate experience, she explained what employers look for in fresh graduates and how students can align themselves with industry expectations.

The session also covered practical tips on workplace readiness, including the importance of professionalism, time management, and continuous learning. Ms. Bindu encouraged students to seek out real-world experiences, internships, and skill-building opportunities that will enhance their career prospects. The seminar concluded with an interactive Q&A, where students engaged with the speaker to gain deeper insights into career development and industry trends.

The session was highly informative and impactful, helping students understand the importance of both technical knowledge and soft skills in enhancing employability. It served as a valuable platform for participants to reflect on their career paths and prepare for future opportunities in a competitive job market. 108 students participated and got benefitted.

ICT ACADEMY – POWER SEMINAR REPORTS

The ICT Academy Power Seminar, in association with the Department of Computer Science, was successfully conducted on Saturday, March 8th, 2025, from 10:30 AM to 11:30 AM (IST) via Google Meet. The seminar featured Ms. Manva Hunswadkar, Lead PR at KRAFTON India, a key player in the AVGC (Animation, Visual Effects, Gaming, and Comics) and gaming industry.

Ms. Manva shared her professional journey and provided insightful perspectives on the booming gaming sector in India. She spoke about the integral role of public relations in building strong brand identities, community engagement, and driving the success of games in a competitive market. Highlighting the growth and global recognition of the Indian gaming ecosystem, she encouraged students to explore the various career paths available in the AVGC domain.

The session was tailored to help students understand the relevance of communication, creativity, and technology in the gaming industry. With her experience at KRAFTON India, Ms. Manva emphasized the importance of interdisciplinary skills, storytelling, and digital outreach in today's tech-driven media landscape. Organized with the support of the Department of Computer Science, the seminar attracted active participation from students who engaged in a lively Q&A session. The event proved to be an eye-opener for many, inspiring them to consider new-age careers in gaming, animation, and digital media. It concluded with a message of encouragement for students to stay curious, creative, and adaptive in the evolving digital world.

PROGRAM AGENDA

As part of its industry-aligned skill development initiative, Premier Banker, an exclusive training program for Commerce students, was conducted to equip participants with essential banking knowledge and professional skills, aimed at bridging the gap between academic learning and real-world industry demands.

The program included 100 hours of structured training, comprising 20 hours of soft skills development and 80 hours of technical training, delivered through a blended learning model combining self-paced modules and live sessions.

The soft skills component, conducted by Mr. Karunaiventhan, an ICT Academy-certified trainer, focused on enhancing students' communication, customer service etiquette, interpersonal effectiveness, and professionalism. Interactive activities and role plays helped students build confidence for client-facing roles in the BFSI sector.

The technical sessions, led by Mrs. Mathiazhagi, a domain expert from Tirunelveli, covered a wide range of topics including financial markets, retail banking operations, account management, digital banking, compliance protocols (KYC, AML), credit and risk management, and CRM tools. Her practical approach and real-life examples gave students industry-relevant exposure.

Students engaged in case studies, role-playing activities, and banking software simulations to reinforce their learning and gain hands-on experience. The program concluded with a comprehensive assessment featuring multiple-choice questions, scenario analyses, and practical tasks like simulating account opening or preparing customer interaction reports, all conducted under proper monitoring protocols.

The program resulted in a marked improvement in students' technical proficiency, problem-solving abilities, and professional attitude and behaviour. Participants gained a well-rounded understanding of modern banking practices and exhibited increased confidence and readiness for careers in the Banking, Financial Services, and Insurance (BFSI) sector. By integrating domain knowledge with essential soft skills, the training offered a complete, job-oriented learning experience.

Mr. Karunaiventhan, a certified and experienced trainer from ICT Academy provided the Soft Skills training and Mrs. Mathiazhagi, an ICT Academy trainer provided the Technical Skill about Premier Banker for B. Com Students

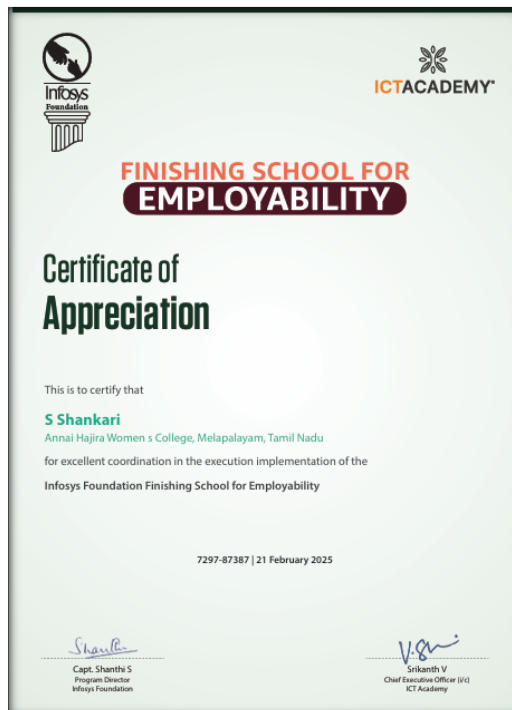

Annai Hajira Women's College Melapalayam, Tirunelveli – 05

Accredited with B++ Grade by NAAC (CGPA of 2.95 in I Cycle)
(A Unit of As-Sathiq Educational Society)
(Affiliated to Manonmaniam Sundaranar University)

Department of Computer Science

Staff name : Mrs. S. Shankari
Designation : Assistant Professor
Department : Computer Science
Role : Coordinator
Days : 27th January 2025 – 21st February 2025
Hours : 90

Department of Computer Science

As part of its Corporate Social Responsibility (CSR) initiative, IBM, in collaboration with ICT Academy, organized a focused training program on **Artificial Intelligence (AI)** using **Azure AI Services** for the students of the Computer Science, Mathematics, and Chemistry departments at Annai Hajira Women's College. The primary aim of the program was to equip students with in-demand technical skills and improve their employability by introducing them to **real-world AI applications, cloud platforms, and industry-relevant tools**.

The training covered a total of **40 hours**, comprising **16 hours of self-paced learning** and **24 hours of live, instructor-led sessions**. The content was delivered through the ICT Academy's digital platform, enabling students to explore topics at their own pace before participating in interactive sessions. The curriculum included comprehensive modules on:

- **Getting started with Azure AI Services**
- **AI Security and Containers in Azure**
- **Building Computer Vision solutions with Azure AI Vision**
- **Developing Natural Language Processing (NLP) solutions using Azure AI Services**

Both **theoretical lectures** and **hands-on lab sessions** were incorporated throughout the training, allowing students to understand concepts and immediately apply them through practical exercises. This approach helped bridge the gap between academic learning and real-time industry requirements.

The **live sessions** were conducted by **Mr. Mohamed Fakrudeen**, a certified and experienced trainer from ICT Academy. He guided students through demonstrations, interactive discussions, and hands-on labs, ensuring a clear understanding of cloud-based AI workflows, model development, and deployment techniques.

To evaluate learning outcomes, a **final online assessment** was conducted at the end of the training. It included multiple-choice questions and scenario-based challenges designed to test conceptual understanding and technical proficiency. The assessments followed standard monitoring protocols to maintain fairness and consistency.

As a result of the program, students developed **practical skills in AI solution development**, gained exposure to **Azure-based technologies**, and enhanced their **problem-solving and digital competencies**. The training not only prepared students to meet current industry standards but also encouraged interdisciplinary learning by involving participants from multiple departments, thereby promoting a collaborative and inclusive technological outlook.

Mr. Mohamed Fakrudeen, a certified and experienced trainer from ICT Academy providing a hands-on training to the students of B. Sc Mathematics, Chemistry and Computer Science about Microsoft Azure Data Engineer from 25.03.2025 to 28.03.2025
