ONLINE ORIENTATION PROGRAMME 2021-2022

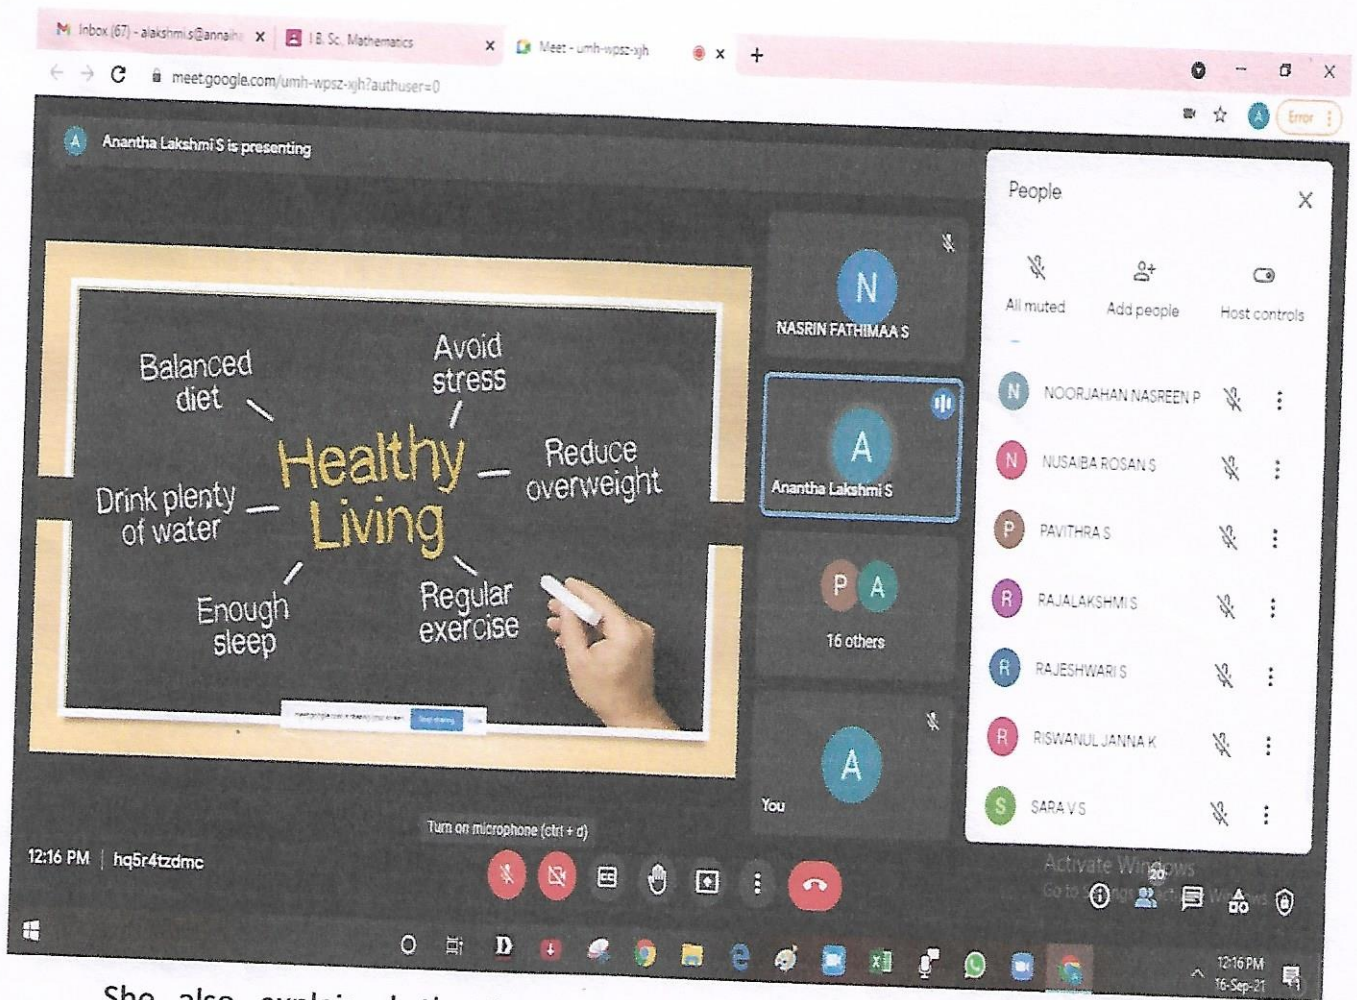

Event summary:

- Name of the event** : Orientation Programme
- Date & Time of the event** : 16.09.2021 & 11.40 A. M to 12.25 P. M
- Resource Person** : MRS. R. SWARNALAKSHMI,
HOD, NUTRITION AND DIETETICS
SADAKATHULLAH APPA COLLEGE
RAHMATH NAGAR, TIRUNELVELI, TAMIL NADU
- Topic** : HEALTH AND WELLNESS
- Participants** : I B.Sc. Mathematics Students

MRS. R. SWARNALAKSHMI, Head and Assistant Professor, Department of Nutrition and Dietetics, Sadakathullah Appa College was the guest of honor. She delivered a lecture on the topic "Health and Wellness".

She insisted that Health refers to a state where the physical body is free from disease, while wellness refers to an overall balance of a person's physical, social, spiritual, emotional, intellectual, environmental and occupational well-being.

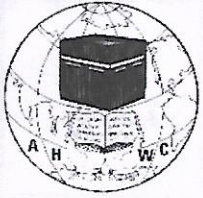

She also explained the importance of it by stating that overall physical wellness encourages the balance of physical activity, nutrition and mental well-being to keep our body in top condition. Obtaining an optimal level of physical wellness allows a person to nurture personal responsibility for your own health.

The speaker also wanted the students to drink plenty of water which will help lose weight. This is because water can increase satiety and boost metabolic rate. Some evidence suggests that increasing water intake can promote weight loss by slightly increasing metabolism, which can increase the number of calories one can burn on a daily basis.

It was an interactive session where students raised a number of queries to the guest and session was very informative.
